SPECIAL DEDICATIONS

Taylor McBride

The Yuma County Fair was an annual tradition attended by the McBride family. Taylor began his first involvement in the Yuma County Fair by playing bass in the Yuma High Jazz Band for the Miss Yuma County Pageant held in the 1950's and 1960's. Taylor's involvement of the fair continued on after marrying Patsy Taylor in 1965. Patsy's parents, Charlie and Kathryn Taylor, lived on the fairgrounds, so the McBride family enjoyed all the events happening on the fairgrounds.

When their sons Patrick and Jeffery were eligible to join 4-H, Taylor and Patsy became project leaders and served many years in the 4-H program. Fair week was always a fun time with friends and family.

Taylor was elected to the fair commission in 1975 and served as president in 2008 and 2016. He always enjoyed the many lasting friendships of the fair commissioners and their families. Patrick and Jeffrey are also current members on the fair commission and have served for many years.

Taylor was born in Gunnison, Colorado on September 19, 1941. The family moved to Yuma where Taylor was educated in the Yuma schools. He later graduated from Arizona State Collage in Flagstaff as a music education major and returned to his Alma Mater to teach music for 37 years. He retired from teaching at Yuma High School in 2001.

Taylor always stated the Yuma County Fair was the best in the state of Arizona because of the people in the Yuma community.

Larry Suci

Larry was born on October 25, 1943, in Logansport, Indiana. He grew up in Indianapolis and attended high school at Castle Heights Military Academy in Lebanon, Tennessee where he was on multiple leadership councils, the 2nd highest ranking office in the Corps, and the captain of the swimming team. He went on to attend Indiana University for both undergraduate and law degrees before joining the Marine Corps as a Jag Officer at MCAS Yuma.

When Larry left the Marine Corps, he joined a law firm in Yuma and was admitted to the Arizona and California bars. After establishing his own private practice, he was very active in the State Bar of Arizona serving on multiple committees and as a president. He was also on the airport authority board for many years and well known and respected in the law community. Larry was appointed as an Ex-Officio member of the Yuma County Fair Board in 1994 and provided valuable legal advice until he retired in 2023.

Larry married Robyn Watkins his wife and soulmate in 1985. Together they enjoyed many activities including scuba diving, motorcycling, golf, traveling and four wheeling. Larry was an accomplished pilot and logged many hours in his beloved Beechcraft Bonanza. He loved Corvettes, especially his 1959 which he owned for 50 years.

Larry will be greatly missed by his family, friends, fair board and community

SPECIAL DEDICATIONS

Mary Cordery

Mary Cordery had a true passion for her community, which showed in all of the work and volunteerism that she performed over her 92 years. She loved to boast about Yuma whenever she could find a new person to listen!

She was born in Frederick, Oklahoma, on January 24, 1932, which accounts for the twangy accent that was evident every time she spoke. She would often be asked where she was from, because even though she had lived in Yuma for over 60 years, her accent always remained.

She was married to Donald Cordery on March 6, 1954. They later had a son, Charles Cordery. Mary was very close to her son as they shared the community service work in Yuma.

The majority of her career, over 40 years, was spent working as the Executive Director for the Caballeros de Yuma, where she was known for her strong work ethic and dedication to the organization's success. She rarely took time off from that job except for Fair week. Every year, she would take "vacation" to work in the Fair office. She would not have missed that for anything!! She loved the people and offered her skills in whatever capacity she could, whether that be answering telephones, counting money, selling tickets or simply reconnecting people with their lost items.

When it was not Fair week, Mary volunteered countless hours at the Crossroads Mission Thrift Store, where she would sit in the storage room without air conditioning year-round and sort through donations and prepare them for the sales floor.

Mary received many accolades and awards throughout her lifetime, but the one that she was most proud of was being named Yuma County Citizen of the Year. That award seemed to sum up her love for her community and the work that she contributed to do her part.

Beyond her professional life, Mary was deeply committed to her family, especially cherishing her role as a grandmother. Her two granddaughters, Megan and Jordan, were the light of her world, and she was a constant presence at their activities, offering support and encouragement. She was a big reason why they became so active in the 4-H and FFA programs growing up all the way from Clover Buds to being the recipients of the Fair Scholarship through college years.

Her family, Dianne, Megan, and Jordan, are all very appreciative of this recognition and know that Mary would love it as well. Although it is considered an honor, she would say that she was just doing her job!

To Our Past Presidents

On behalf of the Yuma County Fair, Inc., we sincerely thank you for your dedicated leadership and years of service. Your guidance and commitment have helped shape the success of our fair, and we are truly grateful for the lasting impact you've made on our community.

**Introducing the
2025-2026
Fair Board President
Michael Covey**

On behalf of the Yuma County Fair Staff, Board Members, and Commissioners, welcome to the 74th Annual Yuma County Fair!

We're thrilled to invite you to a week packed with fun, entertainment, and community spirit. The Fair Staff has worked hard to bring you an exciting lineup that offers something for everyone — from live music on the main stage, magic shows, and strolling acts to the always-thrilling Demolition Derby, the family-favorite Guido Stage, and the talented performances in the Theatre Building. You're sure to find entertainment the whole family will enjoy!

Don't miss out on the Carnival — with rides for all ages, classic fair games, and food, it's a must-see attraction for kids and adults alike.

We're also proud to showcase the hard work and dedication of our local 4-H and FFA members. Throughout the week, you'll have the opportunity to see a wide variety of projects on display — including both small and large animals, along with open entry exhibits in arts, crafts, agriculture, and more — all judged during the Fair. These projects reflect the talents and efforts of our local youth and community members alike.

Be sure to stop by the animal arenas on Saturday for the auction of both small and large animals — a highlight of the week and a chance to support the next generation of agricultural leaders.

While you're here, explore our wide variety of vendors and support the many Non-Profit Organizations participating this year.

We hope to see you there. Come out and enjoy one of Yuma's best annual traditions — the 74th Annual Yuma County Fair!

Respectfully,

Michael Covey
Board President
Yuma County Fair, Inc.

IAFE (International Association of Fairs & Expositions) National Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the IAFE National Code of Show Ring Ethics, fairs and livestock shows may have rules and regulations which they impose on the local, county, state and national levels.

All you leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors and responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States.

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owner/Exhibitor shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior Exhibitors are expected to care for and groom their animals while at fairs or stock shows.
4. Animals presented to show events where they will enter the food chain shall be free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner/exhibitor for show management to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. Livestock shall not be exhibited if the drugs administered in accordance of Federal and State Statutes, regulations and rules effect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, or blood sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner/exhibitor to prove otherwise. At any time after an animal arrives on the premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.
5. Any surgical procedure of injection of any foreign substance of drug or the external application of any substance (irritant, counter irritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which effect appearance only and except surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal is prohibited.
6. The use of showing and/or handling devices such as striking animals to cause swelling, using electrical contrivance, or similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, show officials, or other exhibitors before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show officials and management shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct towards them.
8. No owner/exhibitor shall conspire with another person to intentionally violate this code of ethics or knowingly contribute or cooperate with another person either in affirmative action or in action to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by owner/exhibitor whether or not he/she was actually instrumental in or had knowledge of the treatment of the animals in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner/exhibitor to have disciplinary action taken by the fair or livestock show for violation of this code of ethics and any other rules or competition of the fair or livestock without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show maybe published with the name of the violator in any publication of the IAFE, including fairs and exhibitions.
11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner/exhibitor that he/she has read the IAFE National Code of Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of Federal and State Statutes, Regulations and Rules may be released to appropriate Law Enforcement Authorities with jurisdiction over such infractions.

CLASS 1 BEEF CARCASS
CLASS 2 LAMB CARCASS
CLASS 3 SWINE CARCASS
CLASS 4 GOAT CARCASS

LIMITED ENTRIES, first come basis, determined by the time of the on-line entries. Entries accepted until Saturday, February 28, 2026 or capacity has been met or whichever comes first. (3 steers, 10 swine, 7 lambs, 4 goats). If entries exceed quota for species, additional entries may be accepted at the discretion of the superintendent.

One (1) entry per person. Entry without a tag number will not be accepted.
Multiple tag numbers for species will not be accepted.

Once an animal is entered into a carcass class it will not be eligible to be entered and shown in another class or department during the fair.

Scheduled meeting for carcass entries will be held on March 12, 2026 at 6:00 P.M. in the Newcomer Building (JLC). Placards will be completed during the meeting and returned to the JLC at that time. If an exhibitor does not attend meeting their entry will be removed from the carcass contest. Removed entry will be replaced with next eligible carcass entry, if that exhibitor has attended the meeting.

JUDGING will be based on Packer Acceptance and Consumer Preference. Winners will be announced at the Round Robin Competition on Friday, April 3, 2026.

All Carcass animals are to be processed by a processor predetermined by the Junior Livestock Committee.

Each species must follow live animal weight guidelines.

STEERS: Split, 7' Vertebrae Down

LAMB: Whole, no head attached

SWINE: Split, one half displayed

Goat: whole, no head attached

FORMULA for calculating dressing percentage: Take the hot weight and divide it by the live weight and this will give you the dressing percentage.

EXAMPLE:

Live Weight 1000 lbs.

Hot Weight 600 lbs.

Dressing % is 600 lbs. divided by 1000 lbs. = 60%

SLAUGHTER FEES: There is no slaughter fee for the animals used in the Fair Display if the sold animal is returned to the original slaughterhouse for cutting and wrapping. However, there is a slaughter fee on all other Fair animals. If anyone wishes to keep certain parts of the animal, such as head, feet, liver, tripe, kidneys, or hide, there will be a charge to the customer. The charge depends on what you want to keep.

PROCESSING FEE: The processing fees will be made known at a later date. Processing fee is the charge per lb. to cut and wrap the carcass for the home freezer.
